

Which Should I Choose?

MEDICAL HOME

Stay connected to your doctor. You can call your child's medical home for help or advice.

Call about common illnesses, such as:

- ▶ Fever
- ▶ Flu
- ▶ Sore throat, coughs

Call for problems that may need care now, such as:

- ▶ Asthma
- ▶ Severe stomachache
- ▶ Cuts that might need stitches
- ▶ Vomiting that won't stop
- ▶ Infections/severe rashes

And always call for:

- ▶ Well child checkups and shots
- ▶ Help with long-term illnesses
- ▶ To ensure follow-up

EMERGENCY ROOM

Go to the emergency room when a child could die or risk their health if they do not receive help NOW!

Examples:

- ▶ When bleeding won't stop
- ▶ When breathing is very hard
- ▶ After a serious accident
- ▶ With a seizure that lasts longer than 15 minutes
- ▶ After calling POISON CONTROL at 800-222-1222

CHAP can help your child grow up healthy

A Program of the Greater Flint Health Coalition

A medical home is a doctor's office or community clinic.

Every child needs a medical home.

It is the best place to take your children for:

- ▶ Well child checkups/physicals
- ▶ Sick visits
- ▶ Accidents
- ▶ Immunizations (shots)
- ▶ Lead screening
- ▶ Emergency room/urgent care follow up

CHAP (Children's Healthcare Access Program) works with you and your doctor to help your child grow up healthy.

We can help:

- ▶ Connect you to a medical home
- ▶ See you in the privacy of your home
- ▶ Refer you to asthma education through the Genesee County Asthma Network

- ▶ Link you to community resources
- ▶ Assist with counseling services
- ▶ Help with transportation needs
- ▶ Offer interpretation services

What is CHAP?

CHAP is a program designed to help you work with your medical home to connect you with any health education or support services you may need to make sure your child has the best health outcome possible.

The goal of CHAP is to help you have a stronger connection with the healthcare system. We want to make sure you and your family experience excellent healthcare.

Who is Eligible?

Transportation

We know that transportation can be difficult to arrange. Here are some tips to help:

- ▶ Plan ahead. With advance notice, your health plan can help with the costs or arrange to get you to scheduled medical appointments.
- ▶ Normally three days notice is required.
- ▶ CHAP can also help arrange transportation for sick visits for your child to get to their medical home.

Remember, your children's doctor knows them best. Use your medical home.

For more information about CHAP, please call 810-953-CHAP (2427).
