Greater Flint Health Coalition (GFHC) Flint & Genesee County Healthcare Resource Guide

The *Flint & Genesee County Healthcare Resource Guide* is designed to assist Genesee County residents whom have lost employment and/or healthcare coverage and may not be aware of the safety-net providers in the community that can assist them with their health concerns. Created by the GFHC's Access Committee, the guide lists agencies by services offered and location informing individuals of no or low cost basic and specialty health services. The Guide is available at no charge for your organization to distribute to Genesee County residents.
