

FLINT RECAST

**RESILIENCY IN COMMUNITIES
AFTER STRESS AND TRAUMA**

**A program of the City of Flint
Facilitated by the Greater Flint Health Coalition**

FIVE GOALS OF FLINT RECAST

- 1. Build on strong local programs and partnerships to support at-risk youth and families in developing resilience, reducing violence, and developing a vibrant community**
- 2. Use trauma-informed evidence-based programming to mitigate potential behavioral health impacts of the Flint Water Emergency on Flint youth and families**
- 3. Integrate evidence-based violence prevention programming to enhance ongoing community organization led activities to encourage youth at high risk for developing traumatic stress symptomatology toward empowerment and achievement pipelines rather than the school to prison pipelines**
- 4. Create a trauma-informed first responder community by providing trauma training to local police, first responders and correction officers**
- 5. Increase capacity for youth and families in the Flint community to support skill building and career opportunities to implement evidenced based programs**
